GPS Workshop Registration Required

Lisbon: Registrations for the GPS Beginner and Advanced Workshops are required by August 21st. The Beginner Workshop will focus on GPS basics from 9:00 a.m. to noon on Friday, August 28th at Beaver Park, Cotton Road in Lisbon (not Lewiston). In the afternoon, from 1 to 4, the advanced GPS session will offer how to take your basic skills a step further by using your GPS and basic mapping programs to build a map of your woodlot.

The Maine Forest Service and Androscoggin Valley Soil and Water Conservation District, workshop sponsors, invite participants to sign up for either session or both sessions. GPS units will be provided for the day (please leave your unit at home). Each session will consist of classroom and field time--so please dress appropriately.

The cost for one session is \$10 per person and \$15 for both sessions. Those attending both sessions should bring a lunch. Coffee and light refreshments will be provided. Use of a GPS unit will not be available if payment is not received by August 21st.

To register make your check payable to Androscoggin Valley SWCD and mail to 254 Goddard Road, Lewiston, ME 04240 with name, address, phone/cell number and/or email address and # of people and sessions attending. Questions can be directed to Ken Canfield at ken.canfield@main.gov or by calling 207-657-3535.
